

Welcome back! Spring Term 2 2018

This term's topic is minibeasts. We will be learning about spiders, ladybirds, butterflies, bees and many more creatures as well as their life cycles and habitats. There will also be bug crafts and lots of messy, sensory play.

Please provide spare clothes or bring your child in clothing you don't mind getting dirty during these activities.

We spend a lot of time outside in our forest so could you please also ensure your child also has wellies as it does tend to get quite muddy.

This term we will continue healthy eating - the children will make and eat their own healthy snack once a week.

Please feel free to take journals home from time to time to follow your child's progress in preschool and add any pictures your child can share with us during circle time discussions.

There will also be a stay and play session for parents this term where you will get the chance to see what your children get up to in class and have a chat with your keyworker. This will be on **Tuesday 27th March** and we hope to see as many of you as possible there!

Any concerns or worries you may have please feel free to speak to one of us to arrange a convenient time to chat.

We look forward to the term ahead and perhaps some sunny weather!

Jillian/Karen/Louise
