

## FORTNIGHTLY NEWSLETTER

Well, the Easter break is upon us already—it seems only a moment ago we returned from the Christmas break.

We have had a busy term with lots of fun activities and next term looks to be no different.

With only 58 days left of the academic year, when we return after Easter, we have a LOT to fit into those days.

We have a number of sporting events to mention. Just last week, year 4 participated in an inclusive sport festival and were brilliant. Well done Year 4 for

representing our school so well.

Year 4 have also commenced (along with Year 2) *All Stars Cricket* coaching from Northumberland Cricket Board. There are some very good budding cricketers within these classes.

There are local opportunities for the children to do more with All Stars Cricket outside of school. For more information, please contact Mrs. Reed in the school office.

Year 3 have begun Rugby coaching with All Stars Cramlington Rockets rugby League club and will participate in a competition at Astley Community High School in May—more

details to follow!

School continues to Receive coaching from NUFC Primary Stars along with lunchtime Multi-skills clubs. The children really enjoy the sessions delivered by NUFC and we are grateful to all of the external providers for their support.

Thanks to these providers, our children are able to access high quality tuition and coaching along with learning valuable team skills and good sportsmanship.

Thank you to all of our adult volunteers who accompanied us on our visit to the

Centre for Life.

The children (and adults!) had an **AMAZING** day filled with science and experiments. They all came back to school buzzing with excitement and ready to carry on their science learning within school.

The children spent the remainder of the week swapping classrooms and conducting experiments with teachers other than their own.

There were lots of cola explosions, rocket launches, seed helicopter competitions and slimy fun being had! Thank you to all of the staff and children for making science week so much fun!
