STEM WEEK

We have had an absolutely awesome first ever STEM week.

On **Monday and Tuesday**, the children had lots of fun programming little robotic spheres called Spheros.

Class 1 painted with them...

Class 2 and 3 completed Maths and English activities with them...

On **Wednesday** we had an amazing trip to the Centre of Life. The children were split into age groups and escorted to various activities including a visit to the Planetarium, a Beebot workshop, access to various interactive science displays, a viewing of the Robot exhibition and a most amusing live science show called 'How to be an Evil Scientist' led by Professor Chaos!

On **Thursday** Judith Sadler and Lynne Thomson delighted the children with a day called 'Are we made of stardust?' The children were encouraged to think about the beginning of the universe and learnt about the planets linking with theological ideas.

On **Friday**, the children met a 'real life' scientist, Professor Herbie Newell who amazed the children with activities linked to rockets and space exploration. Thank you Herbie...photos will be uploaded onto the website where you can find all photos from this year so far.

The children said...

"I loved the Centre of Life trip, especially the live show with Professor Chaos" Maya Y4

"I really liked putting my head down the toilet...which was a water fountain!" Rowan Y3

"I loved playing with the Spheros" Genevieve Y1

"I think the universe began with a small particle coming out of nothingness" Mack Y3

SCHOOL TRIPS

Just a reminder about next week's trip: **Wednesday 14th November-Hindu Temple and Discovery Museum**

Children must bring a **PACKED LUNCH** in a bag, a water bottle and wear full school uniform and a waterproof coat.

Sports for Champions

Sponsor forms were given out on Monday. The deadline for sponsorship forms and money is **Friday 16th November**.

If we raise over a certain amount, the school will receive funding for equipment so please do your best to ask friends and relatives for sponsors.
