

RE Ambassadors' Newsletter 2 Autumn 2018

Dear Parents

We continue to talk about our Core Values and how important they are to us throughout our lives. We hope that some of you have spotted our special "Core Value Certificates" coming home. We are finding that we have lots of loving and helpful people in our school.

In our last newsletter we told you about the charity ideas and in school we voted and have decided through voting that we would support two main charities this year. They are The Dogs Trust and The Great North Air Ambulance (GNAA). One thing you can begin to help us with straight away is to send in any used stamps for the GNAA. There will be a box in the foyer for all children to post them.

We also have charities that we support every year and they are Children in Need, Save the Children, Christian Aid and Sport/Comic Relief. These events usually begin with a non-uniform day and then the School Council decides upon the theme for the day, after talking to the whole school.

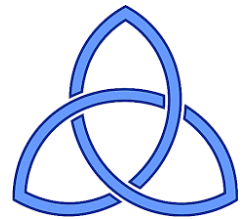

This half term we also had two shoebox appeals; they were "Link to Hope" - shoeboxes which go to the elderly or families in Eastern Europe and "Operation Christmas Child" - shoeboxes which get sent all over the world. Last year they went to Romania and this year they are headed for the Ukraine.

Thank you everybody for sending in many shoeboxes full of gifts.

We would also like to remind you and invite you to our Christingle Service. This year it is going to be held in St Helen's Church on Friday 7th December; the children will join you after registration. We think it will start at approximately 9:15am and our Year 4s are leading this service. The rest of the children will be involved in making a Christingle and singing two beautiful songs.

We hope to see lots of you there.

Thank you

Felicity & Angus
