

*Dear husband Peter,*

*I am writing to you because I miss you a lot. I wish you would come home, it is so hard without you. How are you? The children are well behaved but they can get a bit tired and grumpy. Jack keeps running after Hermione.*

*Right now our house is a hospital and I have lots of patients. The soldiers rely on me to feed them and look after them. I feed them vegetable soup, fruit salads, fruit, vegetables, dairy and meat. I also clean the bedding and all of the clothes.*

*I feel really tired with all of the work I have. You must be too? The children are pulling my hair out because they keep shouting mum! I am stressed and upset.*

*Miss you lots*

*Love From*

*Joey your wife xxx*
