

"A small school, with big ambitions!"

Newsletter – 22nd May 2020

Preparations are well under way to welcome more pupils into school from 1st June. If your child is not in Nursery or Reception and you require a key worker place or may need a place in the coming weeks, please contact admin@mickley.northumberland.sch.uk and let us know your requirements. We are in the process of preparing plans and risk assessments for reopening and these will be shared on the school website once completed.

Mickley Nursery

We would like to say a big thank you to Chris our lovely Caretaker who has been very busy revamping the Early Years outdoor area. It is looking fantastic and I'm sure that all the children will love the changes! Even though school is currently closed, we are still taking registrations for new Nursery pupils and if you know of any friends or family who require a place, please ask them to contact admin@mickley.northumberland.sch.uk for more information. We can offer a virtual tour of the Early Years setting and show you all that Mickley has to offer.

Home Learning

As next week is half term, there will be no specific learning tasks. The staff have created a folder under school closure called 'May Half Term Activities' if you need some inspiration for keeping busy.

From 1st June, home learning will continue to be provided on our website. As our teachers will be back in school full time, it may be that the format of work may differ slightly but it will still be age-appropriate and linked to the curriculum your child / children would have been completing in school.

Wellbeing Resources

This week our wellbeing theme is 'relationships'. As lock down restrictions ease over the coming weeks / months, we will begin to rebuild relationships with family and friends. There is more information and resources linked to this week's theme on the school website.

Safe Parking / 20 mph Zone

Part of our plans for reopening include looking at parking arrangements and safe access to school. A 20mph zone is now in place outside school and markings identify areas where it is not safe to park. If your child is attending school from June 1st, can we ask that you walk to school where possible and if you are travelling by car, for your support in adhering to these measures? We also ask that you follow social distancing guidelines when parking outside and when bringing your children into school. If we all work together, we are in the best position to provide the safest environment possible for our whole school community.
