

Red Row First School Newsletter

20th September 2019

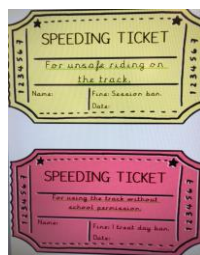

School Track

The children have had their first ride on the track today if they had a helmet at school.

We insist that parents provide a helmet for your child to ride their bike on the track.

The track is not to be used before or after school.

There will be speeding tickets issued. If your child receives a red speeding ticket, they won't be able to ride on the track the following treat day.
