

Instructions:

Please print the following two pages and use the 'Gruffalo Hunt' page as your base for the game.

Cut out the images on the second page and hide them around the house.

Ask the children to find them, you could ask them to find one animal at a time and give clues where they might find the animal-for example: 'Can you find the mouse? It is hidden in a place where we cook.' This will showcase the children's ability to understand and follow simple instructions.

Once you have found all of the animals can you order them, which animal does mouse see first when walking through the woods? Order them from the first animal to the last animal the mouse talks to.

Can you then talk about which animal is your favourite and why in the story?

Happy Hunting!

If possible, can parents please video or write down your child's response to the questions- which animal is your favourite in the story? Why is it your favourite animal?

Many thanks x

The GRUFFALO Hunt

Now you have found all of the animals, which animal is your favourite in the story?

Why is it your favourite animal?
