

28.5.21

There are still some adults using Catholic Row to drive along at school drop off time. In order that our children remain safe please ensure that you park elsewhere. Safety comes before convenience.

Also vehicles should only be driven into our staff car park / St Benet Biscop site to drop off or pick up from BnT club. Again please ensure you park away from the school site in a safe place.

We are so proud of how the children have settled back into school life again, focussing on their learning and making progress. We have noticed though that they are tired so we hope that they enjoy their holiday and recharge their batteries.

We have been able to get through the last half term without any bubble isolating, which is reassuring. Please continue to be mindful though that it is still important to keep the safety measures in our daily routine.

Next Year's Teachers

We are still in the process of finalising where the teachers will be next year and as soon as we can share this information we will. We can let you know about the EYFS classes though. Mrs Hart and Mrs White will be the Nursery teachers and Miss Grigg will be the Reception teacher.

The EYFS teachers will be in touch with information about starting Nursery and Reception after the holidays.

Transition weeks

We have planned for the children to have some time with their new teacher before the summer holidays. From Monday 28th June the children will be taught by next year's teacher in their current classroom. We hope that this will help them with the move to their new year-group in September.

We have noticed that there is an increase in things that are not needed in school being brought into school from home. This is causing some disruption in the classrooms. Please remind your child not to bring additional things in. Thank you

Bedlington Library

The library has reopened and would love to welcome everyone back. They tell us that they have lots of new books and are busy getting things ready for this year's Summer Reading Challenge. Opening times are slightly altered but can be found online or on the library window.

Thank you so much for all of the donations that we continue to receive for the Matthew Project. We take things to them on a regular basis and it is gratefully received. If you have the means to donate to the food bank we can pass these on for you.

If you know of any families who would benefit from the help of the Matthew project please do contact school and we can make a referral on their behalf.
