Introduction to Prevent

Hollyoaks enlisted the help of Prevent to tell a far right radicalisation storyline. This video tells the real life story behind it, and explains how to get help if you fear someone you know is at risk.

Chief Superintendent Nick Adams the National Prevent Coordinator gives an insight into Prevent within the video.

This video shows how easy it can be for anyone to become vulnerable to extremists operating online, looking to radicalise young and impressionable individuals.

My story: How I was radicalised. In these series of short films, John (not his real name), tells how he was groomed. Many signs and opportunities were missed until his behaviour was reported and he went through the Prevent process.
