

This exciting topic will take Class 3 on a fascinating journey of discovery as we find out about the Viking and Anglo-Saxon struggle in England becoming a unified country. We will explore where the Anglo-Saxons and Vikings came from, how they fought for territory and power and how their fighting led to the kingdom of England we know today.

Science

The Vikings were so much more than just marauding warriors - they used science to make everyday life easier! Through detailed, engaging slides and challenging, diverse scientific enquiries, we will learn all about how biology, chemistry, physics, technology and engineering helped shape Viking society. This will stretch our upper key stage 2 children to become critical, rigorous and curious scientists

Art

Full of fun activities, with a focus on improving drawing and shading techniques, we will be enthusiastically drawing Viking knots, sketching fierce warriors and creating our own Viking jewellery. These sessions will immerse us in our Viking topic; improving our art knowledge, skills and understanding.

Geography

Wrap up warm, we're going on a fascinating journey to Scandinavia as we explore the location, features and culture of Norway, Sweden and Denmark. We will find out how the climates differ in various areas of Scandinavia; exploring spectacular scenery, learning about the culture and lifestyle in Scandinavian countries and comparing how areas in the UK are similar and different.

History

The Vikings were raiders, who eventually settled in Britain. We will be defining terms such as 'raider' and 'settler' and locating the Viking period on a timeline. We will be researching and carrying out the types of jobs that would be done; discussing how the Viking period has shaped life today.

Vikings

Year 5 and 6

PE

We look forward to welcoming Miss Alderslade to our school as she delivers PE to class 3 on a Thursday morning; bringing consistent PE sessions across the partnership to Years 5 and 6. We will also be participating in Rugby and Dance this term, developing and enhancing a range of skills and strategies across the PE curriculum.

Music

It's music to our ears to hear Mr R will be joining us again this year to deliver our much enjoyable, high quality lessons. We will be mastering the concept of playing the clarinet, flute and chalameau.

PSHE

PSHE education equips pupils to live healthy, safe, productive, capable, responsible and balanced lives. Class 3 will be encouraged and supported in making effective transitions, positive learning and career choices; providing opportunities for our class to reflect on and clarify our own values and attitudes and explore the complex and sometimes conflicting range of values and attitudes we encounter now and in the future.

RE

Class 3 will explore the word "Creation" and express their own understanding of how the world was made and their own capacity for creativity. We will develop our understanding of what Christians believe about Creation and that Christians believe humans are made in the image of God & are the pinnacle of His Creation.

Design and Technology

Mrs Robinson, one of our Governors, will be joining us in making our very own land yachts, developing our designing, measuring, cutting, sanding, gluing, sawing and evaluation skills!

French

With our Year 6 France trip just around the corner, Class 3 will be practising their conversational skills, using the power of the internet to call some of Miss Anderson's French teacher friends to try out our French speaking and listening skills.

Computing

This term will provide Class 3 with a range of opportunities to evaluate and apply information technology, including new and unfamiliar technologies, to analytically solve problems.
