

TAPESTRY Parent Review 2016

In February 2016 we asked parents their views on Tapestry, our online Learning Journal. Their responses and comments are outlined below.

General

The majority of parents are in favour of continuing with it and think it's a really good idea. The main negative comments were to do with upload times of video clips and poor internet connection speeds at home.

Some of the comments & quotes:

My mother-in-law loves being able to access it to just see what my child is up to.

I think it's a fantastic service...I love seeing what he does at school. He likes me to take pictures and add them.

Its good to a little of what my son does at Nursery through Tapestry

I have just downloaded the app. This is brilliant!

I think it's great to see how well she is getting on at school. Shee is always very proud showing and telling me about pictures on Tapestry!

Great idea to monitor children without having to keep asking the teacher. Nice to see what they are up to!

Action to be taken:

Discuss at staff meeting these responses and look at possibility of some in school training sessions for parents- possibly led by VG and PL during the 'new starters' meetings in the summer term.
