---

Dear Parent/Carer,

In the event that your child is at home due to self isolation or in the event of school closure there is planning for home learning that you can access on the school website. Go to the Wooler First School website click on the Home Learning Tab and there you will find weekly plans of activities for you to try with your child. All documents are PDF format and any blue words in the text are hyperlinks that will take you directly to a recommended website. The address of the website can be seen by hovering the cursor over the link should you need to write it down and type it directly into your internet browser.

We have tried to make the activities as accessible as possible with many of them being practical and requiring few resources. Reception parents should use Tapestry to share learning from home. We are also sending children in Years 1 – 4 home with a workbook in which they can do any drawings, writing and project work suggested. Please support your child to use them well. When your child returns to school they will be able to use this to show everyone the work that they are proud of.

Also please remember your child has a login for schools360, login for Purple Mash and for children in Year 3 and 4 a TTRockstars login too. See website links below:

<https://school360.co.uk/login1/index.php>  
<https://www.purplemash.com/sch/wooler>  
<https://play.ttrockstars.com/auth/school/student>

These sites have lots of games and activities that can be accessed by your child to support their learning and your child should know or have their login so they can access them from a device at home.

We hope you find these resources helpful. Don't hesitate to get in touch with your child's class teacher via email if you need any support.
