

Dear Parents/Carers

I am writing to you this week in Mr Mitchell's absence (he is currently in Cornwall with Year 6 on their residential trip). In last weeks' newsletter, Mr Mitchell touched on the Year 5 Marle Hall assembly, following their successful residential trip earlier this term, which I was part of. As it was my last residential trip, it was particularly emotional to see the children re-enact some of the amazing experiences during the assembly that they had whilst they were away.

There is a huge sense of pride to see children grow in confidence as they go through their school life with us and then put these skills to good use in various team building exercises on residential trips such as Marle Hall. For some, it was the first time away from home and they showed great maturity and independence. They will now take the valuable life skills that they have learned with them as they progress through the rest of their primary school experience and onto secondary school.

We now look forward to Year 6 sharing their experiences with us when they return from Cornwall.

Governor Focus

This week governors have been in school discussing the forecasted budget for the 2018/19 financial year and beyond. One of the roles of the local governing body (LGB) set out by the Communities Academy Trust is to scrutinise and oversee the management of the finances of the school. The LGB monitors the annual budget set by the Head teacher supported by their leadership teams, submits this for approval by the Main Trust Board and ensures the school works within its budget. The LGB must also ensure the Head teacher and the senior leadership team adopts and implements appropriate risk and financial management policies and practices.

Focus on Excellence

Personal Challenge Event

Year 5 children took part in a personal challenge task where they had to demonstrate resilience in beating their personal best in a range of physical activities. 28 Year 5 pupils then went to Champion School to experience the event and fed back to the rest of the Year 5 pupils on their return to school. They showed excellent behaviour and were a credit to the school!
