

English

This term we will be developing our writing skills in a number of areas. We will be writing letters, newspaper reports, stories and a range of poems.

Grammar, punctuation and spelling will continue to be developed in our spelling groups.

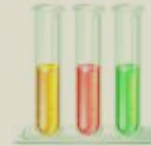

Maths

Developing our calculation strategies will be our main focus in the first half term. We will be learning about the value of digits within a number. We will also explore vocabulary and use it to help us solve a range of word problems.

Science

In science, we will be learning about light and how it travels. We will conduct a range of practical activities to explore how light travels. We will use this information to make a pinhole camera.

Computing

We will be using a range of computer programs to support our learning across the curriculum. We will be developing our skills using PowerPoint to create presentations linked to theme.

History

We will be learning about communities in the past and how they differ from today. We will also be exploring the history of Oxfam.

Our Autumn Theme

Shutterbug

Year 5

Geography

In geography, we will be finding out about Natural Disasters and their causes. We will be exploring how images are used to present the information around the world.

Music

Roundabout- learning to sing in rounds

P.E

Netball and Dance

Art

Making a picture frame and collages of photos

R.E

Caring for the Earth – how we look after the World

PSHE

Me and Making a Positive Contribution

Our Trip

Walking in the local community to take pictures

Our Visitors

Professional photographer
