

Stocksfield Avenue Primary School

Our Scooter Policy

Scooters are fun to use and help us to keep fit and healthy! We need to remember to use them safely and sensibly. We came up with rules that we need to remember when coming to school on our scooters.

- Don't ride too fast.
- If you are in a crowded space, don't use your scooter.
- Be careful! Don't knock people over.
- Don't do any stunts (wheelies).
- Ride carefully down the paths but get off when you reach the school yard.
- WALK with your scooter in the school yard.
- Put scooter in shed or scooter pod right away for safety.
- Don't be silly on scooters.
- Be careful of young children.
- Don't bang into gates or school property.
- Try to use a helmet.
- Don't bring when icy.
