Data Protection law in the UK is changing in May 2018. It is called the *General Data Protection Regulation (GDPR)*. The new regulation is about protecting people in the modern information age. It gives more control to individuals and more responsibilities to organisations which collect and hold your data. To find out more information about how schools have to comply, please visit our website (Parent's Information Section)

The children had a fantastic time down in the woods making habitats, trees, looking for signs of spring and generally having a good time in the fresh air.

Here are some things the children have said about their time in the woods.

Harry W, "My great thing was when we were hunting for creepy crawlies and flowers."

Florence, "I enjoyed looking for and finding animal foot prints in on the ground."

Summer, "I liked the games we played at the start with the hoop."

Sonny, "I make an Autumn tree on the ground."

Writing Competition

Thank you to Lexie, Charlie, Millie and Reu for organising and judging a fantastic Short Story Writing Competition. After careful reading and discussion, we are pleased to announce the winners. Their stories will be read out in assemblies over the next week and displayed in the hall.

Mini Triathlon

Our School Ambassadors, Amelie, Scarlett, Charlie, Esme and Keian wrote to Mr Richard Tollemache to ask if we could use his grounds and pool for a triathlon event later in the summer term. We are thrilled to have received a letter today giving us permission, so it is full steam ahead to try to organise things so all children and parents can take part. Watch this space!
