Issue 13

Friday 5th February

Today marks the day that our Catering Manager, Ruth Armstrong, retires from her post in school. Ruth has been with us for many years and has in fact worked at our school on two separate occasions. Many years ago Ruth worked as an assistant cook in our kitchen and left to work in a school in Bedlington. In September 2009, Ruth returned to Pegswood as Catering Manager and has been with us ever since. We would like to take this opportunity from our whole school community to thank Ruth for all her years of dedication to our school. The many themed days we had over the years bring back memories of when we could all gather together without thought! Whatever the future holds Ruth, we hope you enjoy your time away from school and wish you a long, happy and healthy retirement.

Once again thank you for this week's efforts from home. We are noticing a considerably different feel to this period of remote learning compared to the last one. The days are not sunny, bright and warm. They are cold, dreary and at the moment, endlessly wet. This will have obvious knock-on effects to how we all feel. They will not always be like this, but at the moment we have to get through this part. We have uploaded documents onto our website under our heading of 'Wellbeing'. There is a section there for children and adults and it is split into the months of the year. Have a look – there may be something there that catches your attention.

We desperately hope that there will be some announcement soon about returning to some normality. However, we like you, await any further decisions from the government and the Department for Education.

Take care.
