

# Green Class

15.03.19

This week Green Class have been working very hard to finish off the work we have been doing for Percy the Pink. We have been answering comprehension questions and looking for definitions in the dictionary. We have also been working really hard in phonics and SPAG practising writing CVC words and high frequency words using sponge letters!

In Maths we have had fun measuring different amounts of water using different measuring jugs and using  $>$ ,  $<$  or  $=$  to when comparing them. We have learned that there is a 1000ml's in a Litre and been able to order both ml's and l's correctly.

We have enjoyed a visit to the school's library this week too and liked sitting on the bean bags whilst reading different books. In Cookery this week we have been making apple crumble where we found it tricky to peel the apples with a peeler but it was worth it as they all looked delicious!

On Friday for Red Nose Day we have been very busy raising money for charity! We have ran 10 laps around the playground and have been making cakes to sell to staff around the school! We have also been designing our own noses and have been on a red nose hunt!

## UPDATE:-

- Swimming on Thursday afternoon's
- Visit to Bamburgh Castle on Tuesday 19th March— Pupils to wear sensible shoes and bring spare clothes/waterproofs if you have them please.
- Homework about measurement to be handed in by next Friday please

Have a great Weekend!
