

# Green Class

03.05.19

What a fantastic week ! Everyone got to the treasure chest on our reward chart and was able to enjoy having an ice-cream on Friday afternoon in Golden Time. This week everyone has tried really hard to be a kind friend and used lovely manners when out in the public.

A fabulous visit on Tuesday to the Aquarium! Everyone thought the seal show was fantastic and we got to meet Nemo and Dory! Everyone tried really hard to find the facts in the Aquarium and to spot the different sea creatures. We also got to see the monkeys being fed live maggots!

In Maths this week we have enjoyed learning about how to input data into different charts and diagrams. We have been drawing bar charts using chalk outdoors on the walls and creating pie charts using hula hoops and chalk in the playground. We have also been learning how to create a pictogram and tally chart.

In cookery this week we have cooked some amazing fish cakes using salmon, onions and mash. We are learning about different types of fish and most pupils had not tried salmon before. In art this week we made mosaic fish which is now on our sea display which will be able to come home at the end of term.

## Update

Bank Holiday on Monday - School Closed

Tuesday - Visit to Druridge Bay - Old clothes, trainers and a towel please.

Thursday afternoon - PE - Please send a PE kit in - polo shirt, shorts/joggers and trainers please
