

# Green Class

16-11-18

Over the last week we have enjoyed finding out more about remembrance day , children in need and anti-bullying week. We have designed some fantastic masks and odd socks for our display.

This week in Literacy we have been learning how to write instructions for our inventions and have been learning about 2d/3d shapes in Maths. We have enjoyed going outside for

a shape hunt and making 3d shapes using play dough. In Cookery we made potato floddies by grating up lots of potatoes! It was very hard work but everyone did really well and liked adding lots of herbs to make them taste nice!

Hope you all have a fantastic weekend!
