

# Celebrations

Celebration means to do something special or enjoyable for an important event.

Every year and throughout our life, we celebrate different events, for example, we have just celebrated Christmas.

When we celebrate we usually come together with our families and friends

How did you celebrate Christmas?

Draw a picture on the sheet, or in your jotter, showing how you celebrated Christmas.

## YOUR TASK

Look at the pictures of celebrations below. Match each one to one of the celebrations. Can you explain how you know?

New Year	The Queen's Jubilee
A family dinner	A piñata birthday party
Chinese New Year	

Challenge! Draw a face which shows how you feel when you celebrate something special.
