

# Year 1 Summer Term Project Plan

**Essential Question:**  
Why should we care about the oceans?

## Project Launch:

On Monday 20<sup>th</sup> January 2020, the children will visit the Blue Reef Aquarium to learn all about life under the oceans and visit the marine rescue centre to complete a workshop.

### Mini Outcome 1 Persuasive writing

The children will write a persuasive piece of writing and create posters, letters and leaflets to persuade and inform everybody on how to care for the oceans.

### Mini Outcome 2 Create pieces of recycling artwork.

The children will learn about the importance of recycling plastic and how plastic affects the sea creatures. The children will design and create pieces of artwork using recycled plastic items as materials.

### Mini Outcome 3 Perform a song

The children will write a song about sea creatures and the ocean and perform it.

## Real World Outcome

### Beach litter pick

The children will visit Tynemouth beach to complete a litter pick to understand the scale of plastic pollution.
