

# Year 5 Summer Term Project Plan

**Essential Question:  
'What Lies Beyond the  
Cosmic Horizon?'**

**Project Launch:  
Thursday 25<sup>th</sup> April –  
The Planetarium –  
The Great North  
Museum.**

## Mini Outcome 1 Biograph and Sketch

Children will research and write their own biography on a famous astronaut

## Mini Outcome 2 Website Design

Children will create and design their own website based on their learning of space, the moon, the solar system and topics related to space that interest students.

## Mini Outcome 3 Projects Model and Display

Children will undergo a the scientific process to complete a science experiment. They will then create a model and display board that presents their findings

## Project Celebration

### Science Fair

Children will present their science fair projects related to everything from the moon to planets, the sun, stars and more.
