

Year 3 Autumn Term Project Plan

Essential Question:
Where do our
imaginations lead us?

Project Launch:
On Thursday 20th
September, we will be
attending a story-writing
workshop at Live
Theatre!

Mini Outcome 1

Create a class book

After our story-writing workshop we will create our own individual imaginary world stories that show where our imaginations lead us!

Mini Outcome 2

Create a dream soundtrack

In music, we will compose our own soundtrack for a dream and combine all of the musical elements to create a whole class dream soundtrack.

Mini Outcome 3

Make a dream catcher

Design, build and evaluate a dream catcher that encapsulates our own dreams and imaginations! We will use a range of different materials to create our dream catcher.

Real World Outcome

We will create our own imaginary world stories and have them published into a class book.

We will showcase our work around 'Where do our Imaginations Lead us' to younger children and inspire them to read and use their imaginations!
