

Using the Internet Safely

FAMILY SAFETY ONLINE, RESEARCH AND EMAIL

Do you want to know more about keeping yourself and your children safe when online and be able to use computers and the Internet to support your children's learning?

This fun **5 week** course covers various Family Learning activities including:

- Being aware of how to use ICT safely with children
- Using ICT to communicate with others, including sending and receiving Emails
- Using the Internet to find information safely

Milecastle Primary School

Monday afternoons for 5 weeks

Starting 11th June 2018 1:15 pm to 3:15 pm

Places are limited and allocated on a first come first serve basis. If you wish to come along please complete this slip and return to School Office – thank you.

Due to staff capacity and security, any learners who arrive after 1:20pm will not be able to attend the session.
