This is Moss Lane School's Publication Scheme¹ on information available under the Freedom of Information Act 2000

Introduction

What a publication scheme is and why it has been developed?

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- ◆ The classes of information which we publish or intend to publish
- ◆ The manner in which the information will be published
- ◆ Whether the information is available free of charge or on payment

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

Aims

'Moss Lane is a happy, safe and inclusive community where expectations are high and where everyone is cared for and valued. Through an active approach, we promote independent, enthusiastic, confident and successful learners.'

At Moss Lane we aim to:

- Offer rich and varied experiences, where learning is fun and children are enthusiastic.
- Develop independent learners, enabling them to reach their full potential.
- Deliver an exciting enquiry based curriculum where children grow personally, socially and academically.
- Nurture a caring attitude , and a respect for others and ourselves.

¹ The Governing Body is responsible for the maintenance of this scheme

- Develop a close partnership between all stakeholders.
- Create a happy, healthy, safe and stimulating environment
- Provide equal opportunities for all and celebrate diversity

This publication scheme is a means of showing how we are pursuing these aims.

Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- ◆ School Prospectus – information published in the school prospectus
- ◆ School profile and other information relating to the Governing Body – information published in the School Profile and other governing body documents.
- ◆ Pupils and Curriculum – information about policies that relate to pupils and the school curriculum including references to pupil records and incident logs.
- ◆ School Policies and other information related to the school – information about policies that relate to the school in general.
