

SIGN DESIGN COMPETITION

Help us keep our community safe by reminding drivers passing our school to slow down.

We are looking to put up some new advisory 20mph signs and we'd love children on the Park to help us design them.

The top half of the sign will display the advisory speed limit and the bottom half will have a message and / or drawing, encouraging drivers to slow down.

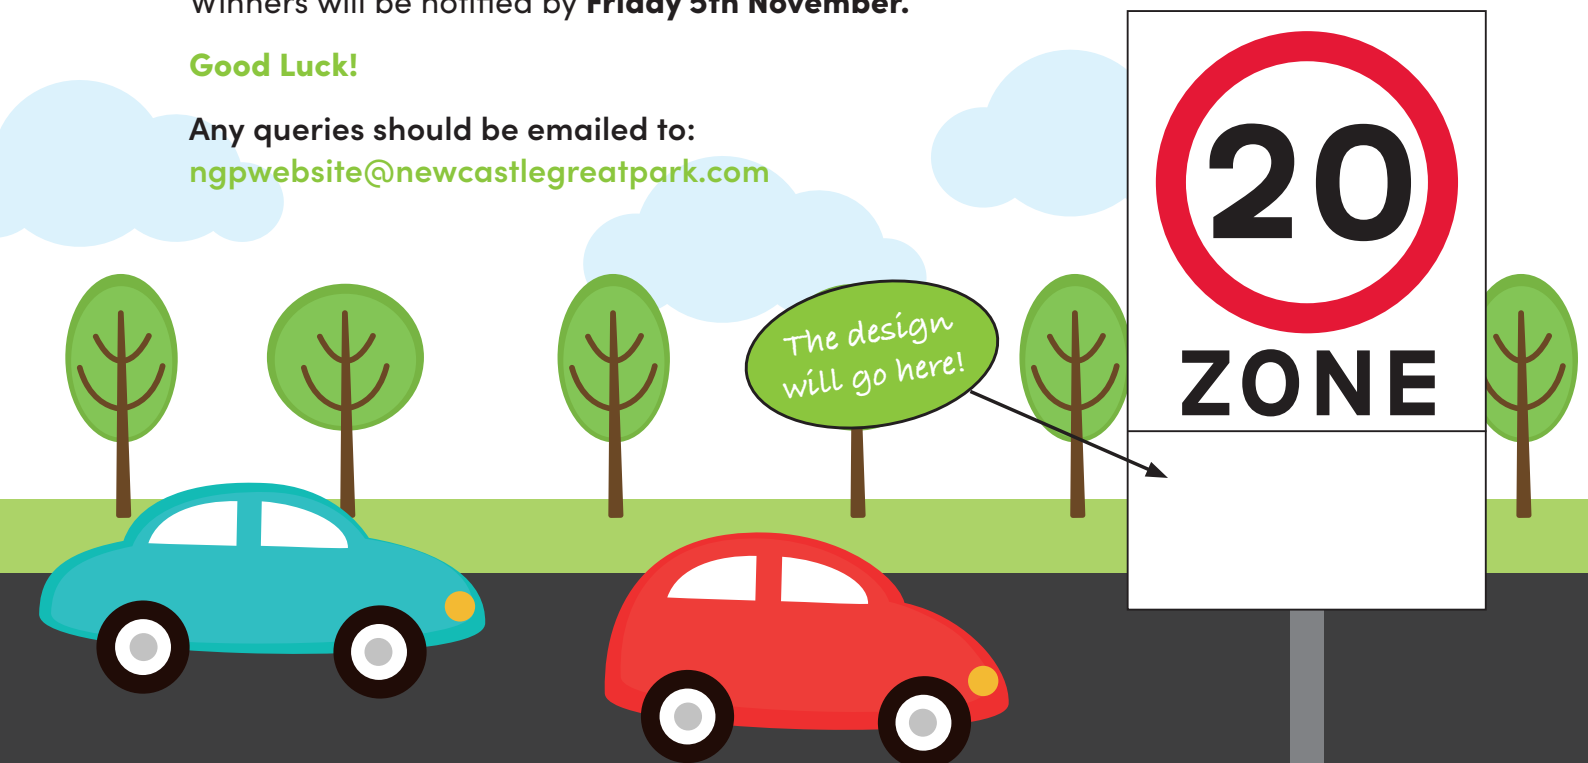

To take part, children should:

- Draw their design on the blank sheet overleaf. Make sure its colourful and clear!
- Add their full name and a contact number for a parent or carer to the sheet before handing it in.
- Return their entry to the school office by Monday 1st November.

Winners will be notified by **Friday 5th November**.

Good Luck!

Any queries should be emailed to:
