

# Farne Primary School Foundation Stage Results

We are delighted by our progress in terms of raising attainment at the end of Reception. 2016 saw significant improvements in the attainment of some of our youngest pupils. Our results are on a significant upward trend in terms of outcomes year on year based upon our school data.

## Reception Exit Data

Overall there have been big increases in the outcomes of reception exit data this year when compared to 2013, 2014 and 2015, which is very pleasing. This is testament to strong teaching, effective use of resources and finances, the dedication and commitment of staff, support from parents and our new two year old provision. Our children deserve the very best.

There has been an increase in the percentage of children attaining a good level of progress in all prime areas rising each year over time from 20% in 2014 to 68% in 2016.

## Percentage of Pupils Achieving Expected Standard at the end of Foundation Stage.
