

What happens if my child is asked to self-isolate for 14 days?

The School or the Class teacher will contact you in the first 24 hours to direct you towards our Home Learning Resources.

These will be accessed via uploads on **SEESAW** and on the **Grange Website: Year Group Information/Year Group Page** and Teachers will be able to give feedback on SEESAW and will upload those resources that they are using that will support you at home.

There will also be more useful links to learning site on the class page.

What happens if the whole class or Year Group is sent home?

Children will be given a work book and some stationary. *(At this stage we are asking children to use their homework book)*

On the next day, there will be a full day of teaching delivered by the Class teacher. This will be done via SEESAW or Tapestry (EYFS)

Good Morning Everyone! Teachers will record a video each day to welcome the class, give feedback on the previous day and introduce some of the learning. This can be accessed from 8.30am

Teachers will set out a timetable for the day with tasks attached. They will usually include English, Maths and Topic alongside some additional activities such as PE. Where possible parents should support children to complete tasks in the order set out so that teachers can give feedback.

Alongside activities teachers may add simple explanations by video, voice message, PowerPoint or written explanation. Look out for short video lessons during the day!

Marking and Feedback: Teachers and support Staff will offer feedback throughout the day. It is not always possible to respond to every piece of work and this will sometimes be for groups or the whole class.

End of the day! Look out for a video message, a story and updates from your child's teacher at the end of the day.

Home Learning: Parents FAQs

Where will I find the learning set by the teachers each day?

SEESAW or Tapestry (EYFS) Make sure you have your log in now and start checking before there is any potential partial closure. Log-in every day to see the learning being set for your child.

The School Website Year Group Information section will also have lots of learning resources.

Do all children have to complete the work?

Yes. This is our Formal Home Learning. Unlike in the Lockdown period, there is an expectation that parents will do all they can to support children to follow the learning provided.

What do I do if I have other children at home that I have to care for?

We know that all of our families will have different home circumstances and juggling sometimes working from home, caring for siblings and managing the demands of everyday life is difficult. We know you will all do the very best you can and we will understand where circumstances are different. Please talk to us to find out how we might be able to help.

What do I do if I have one child in school and one child out of school?

This is very hard for many of our parents. It is hard to drop off and pick up one child when another is at home. Please talk to us about this if you need to adjust timings or make any other arrangements.

Does my child have to keep to the times set out in the daily timetables?

To maintain routines and to support feedback we would like children to try to keep to work through the day we set out. However, we know the demands at home might not always make this possible. Some children may need to complete work at different times to later in the day that is why we will use video rather than a live session.

My Child finds it hard to follow/understand some of the work?

We will try to explain tasks as well as we can and to set some different options for children. Where a child has a Special Educational Need we will try to offer more individual support, sometimes through our Learning Support Assistants. Please ask the teachers if you are struggling with any of the set work.

What do I do if I cannot access the work on line or if we don't have Wi-Fi/enough devices to use?

Please ring the school. We will be able to provide hard copies of resources and support offline learning for those families who struggle to access our work on line.

How else can I contact the class teacher?

Please use our class teacher emails.

What do I do if I am struggling with engaging my child, behaviour issues of any family well-being concerns?

We are always there for you. Phone Dan Tolan Family Support Officer on 07508 362962 and he will help to direct you to right support in or out of school.

Thank you for your support Grange Parents
