

## **Sacred Heart Primary School Accessibility Plan 2018-2021**

**Agreed: June 2018**

**Review Date: September 2021**

### **Introduction**

At Sacred Heart Primary School we are committed to providing a fully accessible environment which values and includes all pupils, staff, parents/carers and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and developing a culture of awareness tolerance and inclusion.

As a school we recognise our duties under the Disability Discrimination Act 1995 and the SEN and Disability Act 2001 (SENDA):

- *Not to treat disabled pupils less favourably for a reason related to their disability*
- *To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage*
- *To plan to make reasonable adjustments to the school buildings where necessary to meet the needs of disabled pupils*
- *To increase the extent to which disabled pupils can participate in the school curriculum*
- *To review and improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services*
- *Improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.*

### **Accessibility Plan**

At Sacred Heart Primary School Primary there is a rolling programme, over time, to review and increase the accessibility for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:-

- Review and where appropriate improve access to the physical environment of the school, including specialist facilities if considered necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary, to ensure that pupils with a disability are, equally prepared for life as are able bodied pupils. This covers teaching and learning and the wider curriculum of the school, such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

□ Improve the delivery of information to pupils, staff, parents/carers and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events both printed and web based. The information should be made available in various preferred formats within a reasonable time frame.

Below is an action plan relating to key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on the matter. This plan should be read in conjunction with the Special Education Needs Policy, Sacred Heart Primary School SEND Local Offer, Anti Bullying Policy, Behaviour Policy and PSED statement

This policy will be reviewed every three years in the spring term by the Policy Committee of the and the plan annually by the SEND Link Governors group in the Spring term.

Adaptations included within current school building;

- Disabled toilet
- Access to classrooms and hall areas
- Electronic white boards in teaching rooms – supporting those with visual impairments
- Medical facilities to support those with ongoing medical issues, as well as employment of member of support staff with a medical background to co-ordinate medical care and first aid support.
