

Welcome to Cornwall Learning's new Academic Year 2015/2016 edition!

In the June newsletter we raised awareness of Ofsted's new guidance document for inspectors:

Inspecting safeguarding in early years, education and skills settings. This document will be statutory from September 2015

There are four separate grades and an overall grade in the new inspection framework:

- Overall Effectiveness
- Effectiveness of Leadership and Management
- Quality of Teaching and Learning, and Assessment
- Personal Development, Behaviour and Welfare
- Outcomes

There is also a separate judgement for Early Years Foundation Stage and the 16 - 19 provision.

Do the children, pupils and students in your school have an excellent understanding of how to stay safe online, the dangers of inappropriate use of mobile technology and social networking sites?

Do adults in your school understand the risks from technology and the internet and can they support children in learning how to keep safe online?

Additional documents to support schools:

<https://www.gov.uk/government/publications/inspecting-safeguarding-in-early-years-education-and-skills-from-september-2015>

<https://www.gov.uk/government/publications/school-inspection-handbook-from-september-2015>

<https://www.gov.uk/government/publications/keeping-children-safe-in-education--2>

Is your school network secure?

The National Education Network (NEN) has adapted the Council on Cyber Security's Critical Security document. The description of each control is accompanied by two sets of questions: one for school network managers and support staff (operational matters), and one for head teachers and senior leadership teams (policy, strategy, financial).

The DfE's Prevent duty came into force on 1st July 2015.

The DfE's document Prevent duty Departmental advice and guidance for schools and childcare providers, published in June 2015 which:

- explains what the Prevent duty means for schools & childcare providers
- makes clear what schools & childcare providers should do to demonstrate compliance with the duty
- informs schools & childcare providers about other sources of information, advice & support

Further information can be found at:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/439598/prevent-duty-departmental-advice-v6.pdf

London Grid for Learning has created an open-access video resource for schools.

Counter-Extremism – narrative and conversations primarily aimed at school staff and governors.

Government supports new campaign for children's online history to be deleted

Baroness Shields, the UK's Minister for Internet Safety and Security is backing the launch of a campaign 'iRights' to promote the idea that children should be able to delete their online past.

Proposals include the right for young people to be able to easily edit or delete content they have created online.

BBC 28th July 2015

iRights

is a civil society initiative that seeks to make the digital world a more transparent and empowering place for children and young people (under 18) by delivering a universal framework of digital rights, in order that young people are able to access digital technologies creatively, knowledgeably and fearlessly.

The iRights

- The Right to REMOVE
- The Right to KNOW
- The Right to SAFETY AND SUPPORT
- The Right to INFORMED AND CONSCIOUS CHOICES
- The Right to DIGITAL LITERACY

To find out more about iRights:
