Ready  
Respectful

Skills School is available for some SEND pupils to access the curriculum through differentiated work for 14-24 hours per week.

All pupils will have a Knowledge Folder with Knowledge Organisers for each subject. A Knowledge Organiser is a sheet of paper with 40-50 key facts from a topic learners recall over a period of weeks. Learners' homework will mainly be learning information from their Knowledge Organisers.

Pupils will see their form teacher for morning and afternoon registration and for a 45 minute Literacy for learning session weekly.
