

What to do if you are feeling unwell

Step 1: Symptoms

If a child, staff member or member of your household develops a symptom, **STAY AT HOME**.

Call school at once to notify us

If your child or a staff member develops a symptom in school, they will be sent home.

Step 2: Isolation and Testing

Person with symptoms **STAY AT HOME** for at least 7 days and book a test:

(**through the school website, www.nhs.uk/coronavirus or call 119**). Rest of the household **STAY AT HOME** for 14 days (see government advice for ending isolation).

Rest of the social group to be notified of the situation.

Step 3: Positive Test–

Confirmed Infection

Child or adult testing positive remains in isolation alongside their family. Follow latest government guidance.

The social group for that child or staff member will be **closed for 14 days** AND children and staff **MUST isolate**.

Engage with **TEST and TRACE** (**details on school website**)

Step 3: Negative Test

Where the child or adult tests negative, all isolation ends and anyone connected who was in isolation returns to work or school.

Step 4: Further Action

School notifies Public Health England and the rest of the school continues as normal with the risk assessment in place. School will only close if told to do so by PHE.

Classroom for the class group will be deep cleaned.

Test and Trace will be operated for the infected person.
