

If the school has to close we will be setting work on eschools each day for the children. There will be a maths and English task set on a daily basis. The tasks could include a class discussion, uploading a writing activity (or you can write it straight onto eschools), a maths quiz, maths games etc.

Your child has been sent home with an exercise book which can be used to complete any work which they are unable to add directly to eschools. In addition to this, they also have passwords for eschools, Purplemash and Timestable Rockstars on the inside cover of their book.

1. Type in Dordon eschools into a search engine (please note it must include the school name or else you will be directed to the wrong page).

The screenshot shows the eSchools login interface. At the top, there is the eSchools logo and navigation links for 'Contact support' and 'Visit school website'. Below this is a search bar with the text 'Please login...'. To the right of the search bar is a 'Picture Login' option. The main form contains two input fields: 'Username or Email Address' and 'Password'. A green 'LOGIN' button is positioned at the bottom right of the form.

2. Once you have logged in (logins are on the inside cover of the book), you will be on your child's Dashboard which shows you what they are currently learning in class. To find the work set by the class teacher click 'My class' on the toolbar at the top.

3. Then click **Projects** on the left hand side to find the work which has been set by the teacher.

The screenshot shows the 'My class' page in eSchools. On the left, there is a sidebar with navigation options: 'Projects' (highlighted with an orange circle), 'Homework', 'Class members', and 'Chat'. The main content area is titled 'The Boy in the Striped Pyjamas' and includes a 'Filter' dropdown. Below the title is a table with the following data:

Item Name	Timescale	Deadline
Did you enjoy The Boy in the Striped...	ongoing	N/A

4. There will be a variety of activities to click on. Expect to find a maths and English task added in the projects section each day (above is an example of a Year 6 project waiting to be completed).
