Trips and Visits

The children in Year 1 and 2 enjoyed their visit to Gloucester Cathedral where they learned about what makes some places sacred to believers. The children in Reception enjoyed a performance of 'The Gruffalo's Child' at the Everyman Theatre. Thank you for your voluntary contributions towards these activities. If everyone was not prepared to put money in for these opportunities then we would not be able to enhance our curriculum in this way.

Inspirational Maths Week

Last week the children had a brilliant week of inspirational maths. They have learned about approaching maths with a growth mindset and have worked on talking and sharing their ideas.

Step Up Day

Yesterday the children got to meet their teacher for September. They had a great time in their new classrooms finding out who their new classmates would be. The new Wren class had the opportunity to meet Miss Aldred. Thank you to new Wren parents for making her feel so welcome.

Teacher Research Group

Over the year Miss Preest and Mr Bebbington have been involved in some action research in the best way to achieve 'mastery' in mathematics. As a result of their efforts our KS1 maths results have exceeded the national average. Today they attended a celebration event where they shared what they have learned giving a presentation to teachers from many other schools. We are extremely proud of what they have achieved and of the positive impact it has had on your children.

Reports

School reports will be published on Thursday 12th July along with annual attendance data and results from National testing.

Sports Day

Sports Day is planned for the morning of Friday 13th July. However we are concerned about the heat and lack of shade. If the conditions present a danger to the children's wellbeing we may have to cut this event short or even cancel it. We will keep you informed by text.

Leaver's Play

The Year 2 children will be performing "Hats Off!" on Wednesday 18th July at 1.30pm
