

## Nursery News

26<sup>th</sup> March 2021

### Dear Parents and Carers of Nursery

Spring is in the air and with it brings lots of lovely learning opportunities for the children. Our Spring table is bursting with interesting things to explore, discuss and find out about. This week we have been busy planting our potatoes, watering our garden and thinking ahead about what we would like to plant; strawberries coming out as a firm favourite.

'Patient' has become our word of the week as we have come to realise that our potatoes are going to take a while to grow so we have to take care of them and be patient.

We watched a fantastic video during circle time from BBC teach about Spring which led to lovely discussions between the children about what we might see during this season. We loved watching the birds building their nests and even had a go at building our own. We ended the week bug hunting; we found slugs, centipedes, woodlice and worms!

It's been wonderful to listen to the children and build on their interests, we never know where our learning is going to take us each week!

Take a look at the Spring video together at home

We have been busy developing our outside area and have created a new construction area. The tyres have been filled to create smaller areas for the children to plant with one being specially designed by Aoife as Fairy Land!

**If you have not already returned your child's scrapbook, please can you do so next week as we would like to continue adding their photographs – thank you.**

If you would like to discuss any issues relating to Nursery or your child, please do not hesitate to let Mrs Carter know. She will be able to call you at the end of the day. If the matter is urgent, please contact the office and they will relay the message.

Best wishes

Mrs Carter, Mrs Lee and Mrs Dasari
