The wolf fell down.
into the hot pot.

Changing the end of the story

YR Weekly Newsletter 12.2.21

Dear Parents, Carers and children in Reception,

We have completed our first half term in 2021, it is now time to enjoy half term with your family. I have been so impressed with all the amazing work you have been downloading from home, and all the great work the children are completing in school. A huge 'thank you' to all parents and carers. It has been a 'different' half term, but hopefully we will be returning to some sort of normality very soon.

This week, we have been completing our Three Little Pigs story writing. I have seen so many great sentences in Seesaw. We have been writing 'super sentences' at school too. Thank you for sharing your ideas on how the end of the story could be different. Hot chocolate for everyone, and the wolf and pigs becoming friends was a common link! In maths, we have been remembering the names of some 2D and 3D shapes, and also describing their properties. We then used this learning to sort the shapes into different groups. On Thursday and Friday, we have been learning about Chinese New Year and how the animal names were allocated to each year in the Chinese calendar. The children have really enjoyed ordering the animals into the positions they finished in the race. There were some cheeky animals; the rat, for example, who, after getting a ride on the ox's back, ran and managed to get into first place after pushing the poor cat into the river!

On the right, I have outlined our learning for the next half term. Have a look on the website on Friday 19th February for the weekly overview and daily plan for Monday 22nd February, our first day back after half term.

I hope you all have a restful half term break.

Stay safe,

Mrs Bradford and Mrs Wood.

Here are some of the exciting things we are going to be learning in the next half term.

Our theme in Spring 2 is **Growing Plants**.

Our focus story in literacy will be **Jack and the Beanstalk**. Just like with our other story writing, we will be learning the story, adding actions and writing the story. In maths, we will be focussing on numbers up to 20, and ordering them. We will be planting beanstalks and measuring their growth, and adding and subtracting numbers.

In Understanding of the World, we will be observing the growth of a bean and discussing what a bean needs to grow tall and strong. Poor Jack and his mum did not have any money to buy any food. We will be talking about eating healthily and how to stay fit.
