

Stoke Hill Infant and Nursery School Update 5.2.21

Online Learning – Your Views

Our schools have been selected to participate in a national survey about how children are learning at home and the impact lockdown-learning is having on family life.

To help us do this, we invite you to download and use a free survey app called **Parent Ping**: <https://bit.ly/parentping>. They will ask you a few questions each day and show you see how other parents are coping in lockdown.

When you first sign in to the app it will ask you the school name **Stoke Hill Infant and Nursery School** and for the first part of the postcode **EX4**. Please do this carefully so we can make sure all your answers are included!

The benefits to you:

- See how other parents answer the questions!
- A chance to win a Chromebooks in the national weekly draw
- A chance to win a £30 Amazon voucher Parent Pings weekly schools draw

The benefits to the school:

- When at least 60 parents are answering the survey questions each day, we will be sent a set of results that compares what you think to what all parents in the country think. This will help us better understand your needs and challenges around home-learning.

You don't have to join in if you don't want to, it's completely voluntary, but this is a great time to share your opinions, not just with us but with other parents and with the people who make decisions about education in England. If you would like to know more about the project, please see <https://parentping.co.uk/bigsurvey/>

Relationships Education and Health Education Policy Consultation

Elements of the Personal Social Health Education (PSHE) curriculum are soon to become compulsory: **Relationship Education and Health Education**. As part of the process of implementing these changes, we would like to give you some information about the curriculum and how we plan to deliver it. Due to lockdown, we are unable to hold an information event and instead would like to invite you to take the opportunity to read the draft policy and give us your feedback.

You will find the policy document attached and will receive separately a ParentMail survey to send feedback – the survey will be open for the next 3 weeks. As this is a compulsory curriculum, we will be limited to what changes we are able to make. We will take time to review and consider all responses and will share any changes made as a result with our school community. We are required to have everything in place for the summer term.

Kind regards ~ Sarah Mackay
