

Stoke Hill Infant and Nursery School Update 07.05.21

Covid Restrictions

We are hoping to hear early next week whether or not there will be any changes to the restrictions we are currently working under, ready for the next stage of changes to the national lockdown on May 17th. We will keep you updated as soon as we know anything.

We have had a number of requests from you regarding cycling and scootering to school, and can confirm that this will be OK again from Monday 10th onwards.

Federation SENCO News

Kelly Walton and Gill Holmyard will be leaving the Stoke Hill Federation at the end of this school year. They both feel it is time for their next step and are excited about the new opportunities that are ahead for them.

Kelly has worked at Stoke Hill for 16 years as a Junior School class teacher and SENCO. Gill has worked here for 14 years and watched the roof trusses of the nursery being winched in during 2007. She established our Nursery before going on to become the Infant and Nursery School SENCO this past year.

They have both made enormously positive contributions to many children's lives and have been wonderful colleagues. We wish them all the very best in their new futures.

The governors, working with Mrs Hammerton-Jackson (our new Executive Head) will be appointing the new SENCO later this half term. This will give Kelly and Gill time to work with them and make sure all the information the new SENCO will need is passed on before the end of term.

Pallets can be Wonderful Things...

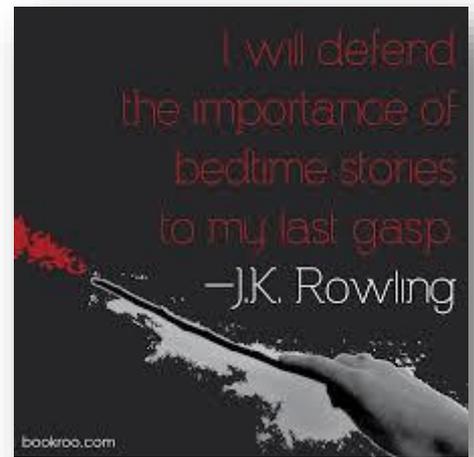

and we have several of them in our car park needing a good home. We have pallet-styled spaces in our nursery and school which the children love! Inspired to create something too? Give the office a call to arrange to collect one – you are welcome.

A 'bedtime story'

Hope every child enjoys one, children grow up so quickly... read together at bedtime whilst you can.

'Its very important to read a bedtime story, for how else do dreams know where to begin...?' The Book Trust

Have a lovely weekend ~ Sarah Mackay Headteacher
