Inter-generational Project

This week the children in Class 4 met and worked alongside the residents. They supported them with their art work and chatted with them about their lives. The way in which the children have responded to this is wonderful; at Steam Mills we place huge importance on working with the children so that they can make a positive contribution...and they showed this quality and so much more! We are all so very proud of them.

Residential

Plans for the Y5/6 residential have now been finalised and we will be sending the details out early next week.

Student Interviews

This term, the school is hosting student interviews for Post Graduates looking to complete a teaching qualification in the Forest of Dean. As part of the process, children in Y3 are meeting the students and experiencing a short English session based on a book. It is a privilege to play a role in developing the teachers of the future and we look forward to working with some of the successful candidates here at Steam Mills.

Student Training

Last year's successful Post Graduate students received training from two members of staff this week – Mrs Bradley met with them to discuss e-safety, whilst Miss Barber provided a day of training on Special Educational Needs in School.

Diary Dates

January 2018

18th Vision and Hearing tests – Reception pupils

February

8th School Disco –
Pre-School/Infants – 5.30-6.30pm
