

PSHE

Through PSHE, the children will be learning about Managing Change and Anti-Bullying.

History/ Geography

This term, we will be focussing on the World, including the oceans and continents. We will be learning about the history of travel and transport and how that has changed over the years

R.E.

This term the children will learn about:

Judaism - How special is the relationship Jews have with God?

Incarnation - Has Christmas lost its true meaning?

French

We will be learning how to greet people, saying numbers and saying how old we are.

MUSIC

Through music, we will learn about famous composers and artists from around the world. We will be listening and appraising music, and singing.

P.E.

PE will be on a Wednesday, Thursday (Autumn 2) and Friday (Autumn 1) this term. Please ensure your child has a full PE kit in school at all times, including trainers. They will be participating in Games, Dance and Drama and Gymnastics. If the weather is fine and dry, the children will be outside for games.

Guyhirn Church of England Primary School

Tigers Class

2020
Autumn Term
Miss Britchford

Welcome back! It seems like forever since we were last all together and I hope you are ready to start a fabulous new year of learning.

Our Class topic this term is "Around the World in 80 Days"

English

During this term the children will be working on a variety of reading and writing genre including, Fiction, Non-Fiction and Poetry. Children will be developing their spoken language, comprehension, composition, spelling and grammar skills. Children will be learning technical vocabulary and will be encouraged to use this when talking about their tasks and learning.

The children will continue to have daily Sounds-Write lessons, where the children will learn and develop the phonics code to support their reading and writing.

Maths

The children will be developing their skills within number & place value, addition & subtraction and multiplication & division during our maths lessons. Daily counting will take place to develop mental calculation skills and times tables. The children will be encouraged to use mathematical talk, reasoning and make connections between mathematical concepts. We will be developing formal written methods this year. Again, the children will be learning technical vocabulary and will be encouraged to use correct mathematical language.

Science

During Science, we will be learning about Forces and Magnets After half term we will be learning about Plants

The children will be taking part in explorations and investigations to make their own discoveries.

Computing

During our computing sessions, we are thinking about e-safety. The children will be taught how to use search engines effectively and how to present their images and texts digitally. We will think about different forms of technology and how it helps us.

D&T/ Art

In art, we will be practising and developing our drawing and painting skills. We will be learning about surrealism and pointillism. We will be designing, making and evaluating an agricultural vehicle for the Primary Engineer Project

Your child will bring their reading book home every day and I would ask that where possible you could listen to them read. Spellings will be sent home each Wednesday and will be tested the following Wednesday. Homework will be sent out on a Friday and returned the following Wednesday, so it can be marked and new homework added. Any work that is sent home will be set according to your child's ability and your child should be able to complete this with limited support.
