Weston Mill

Community Primary School

# Eco-code

## Reduce, re-use, recycle!!

✓ Put rubbish in the pencil bins – put fruit in the black bins only. We want you to keep our school tidy.

✓ Use the green bags for paper – Think recycling!

✓ Make sure we only use the water we need – turn off taps!

✓ When leaving a room switch on to turn off the lights – don't leave electrical items on standby. It costs!

✓ In cold times keep doors shut to keep the heat in.

✓ Try and take your lunchbox waste home, help reduce waste cost to the school.

✓ Be active – exercise regularly.

✓ Tend and care for a better environment.

We want the school to be a better place with all your help.

## HELP MAKE OUR SCHOOL GREENER!
