INSPIRING

CHALLENGING

MOTIVATING

DEVELOPING

1:1 or Group Activity Sessions

Half or full day sessions for those with higher support needs which are tailored to the pace, content and delivery style to meet the needs of the learners with a variety of activities on offer. Additional inclusions can be arranged to support individuals if required.

Family Activity Days

An opportunity for families to take part in activities, have fun working together, reinforce communication and a "can do" attitude for all.

Holiday Activities Days (8-12 year olds)

A fast paced, fun packed day taking part in set activities within a bigger mainstream group. We are able to accommodate or provide an inclusion for your child.

"J came home with the biggest smile, and didn't stop talking about her day out for 3 days... I cant thank you enough... you made her believe in herself, not many people take the time to do that"

Activity Programme

We deliver any of the above sessions as a programme of activities which are co-produced with the learner and focus on set individual outcomes such as confidence, social skills, resilience and problem solving. We can provide reports measuring distance travelled and work closely alongside other professionals, making sure the learner is at the center of everything we do.

BF activities include:

- Problem solving,
- canoeing,
- abseiling,
- climbing, kayaking,
- archery, zip wire,
- orienteering,
- bushcraft & many more...

Objectives & Mission

"Inspiring, challenging and motivating people, especially young people, to develop their life skills to bring about positive change"
