

English

In English, we will be linking our writing to our topic of the Egyptians. We will be looking at traditional tales such as Egyptian Cinderella and rewriting stories we already know.

Research of the fascinating lives of the Egyptians will enable us to write reports and instructions.

Science

In Science, we will be starting our topic on magnets and forces. This stimulating unit focuses on practical activities to enable the children to get hands-on experience of these forces such as magnetism and friction in action.

Computing.

Do your children love watching sport or other performances on TV? This unit gives them a chance to make a short narrated video of themselves practising a sport or other skill, and to use this to help improve their performance.

Year 3

Term 3 Curriculum Newsletter

Walk Like an Egyptian

Home Learning

Look out for the home learning poster in your child's book bag which will be coming out soon.

Attendance

We take attendance very seriously at St Paul's. Please ensure your child is in school **EVERY** day and on time.

Thank you.

General Information

Staff: Miss Saunders, Miss King, Miss Lynn, Mrs Hanmore, Mrs Bennett, Miss Langham

PE Kit: Your child will need their PE kit every week. As it is cold outside, children are allowed to bring in black tracksuit bottoms and a long-sleeved top if they wish.

Reading Record book: Please listen to your child read at least 3 times a week and record in their planner.

Now the weather is getting colder, please ensure your child has a coat with them every day.

Theme

Egypt is our exciting and enthralling theme for Term 3. Be prepared for vivid tales of mummies, pyramids and sarcophagi. We will spend time exploring the geographical and historical features of all things Egyptian.

Our R.E. journey will lead us to study the story of Moses and the exodus of God's people from their lives of slavery in Egypt.

In P.E, we will be learning the skills of gymnastics, creating routines using a range of equipment.

Maths

In Maths this term, we will be continuing our focus on multiplication and division.

Towards the end of the term the focus will move onto statistics and using data to answer questions.

PSHE — Dreams and Goals

This unit is all about setting goals and aiming to achieve them. We will be supporting the children in thinking about how to set realistic goals and help them to reach their end goals.

Thinking about how the children can support and help each other will also be a key and important focus.
