

Dear Parents and Guardians,

It has been exciting to see the children making progress with their learning this week. Kilminorth have been making story maps of 'The Three Little Pigs', and learning to tell the story with actions. Cardinham have been learning to write persuasively and calculate using written methods for multiplication. I have also seen them making some large papier-mache models of planets, for their 'Space' topic. We had a visit from one of our new governors this week, Dr Kate Latham, and she was very complimentary about the children's enthusiasm for learning and good manners. You should be very proud of them! Furthermore, a supply teacher in Cardinham on Wednesday informed us that she had a wonderful day with the class. Mrs David spent the day with the famous Pie Corbett, learning about how to develop children's vocabulary and to encourage children to read and develop their comprehension skills. She had a lovely day!

Best Wishes,
Sarah Hawker

Spring Term
Week 2
8th January

NEWS

Morval Parish Council currently have a vacancy and are very keen to promote the position to parents who send their children to Trenode as links between the local school and Parish Council are important to us all.

Details about the position and how to apply can be found on the Parish Council website:

<http://www.morvalparishcouncil.org.uk/>

Class photographs have been booked for Wednesday 21st February 2018.

Attendance

Kilminorth : 100% Cardinham: 96.7%

As I'm sure you know, pupils need to attend school regularly to benefit from their education. Missing out on lessons leaves children vulnerable to falling behind. Children with poor attendance tend to achieve less in both primary and secondary school. Thank you, parents for supporting us with this.

PTFA AGM

The PTFA will be holding their AGM on Friday 19th January at 3.30pm.

This will be a good opportunity to meet other parents and guardians as well as discussing fundraising ideas to support your children.

Please could you give children money and slips to hand in to school in registration time, rather than handing these to teachers directly. Children will be reminded to retrieve items from their book bags!

We would like to thank all those parents who attended the meeting with the Interim Executive Board. There is a feedback form going home today for you to complete if so wished.

Cardinham parents - if you haven't yet done so, please could you return the letter about the residential trip to London by Wednesday 17th January.

Inset days:

Mon 19th Feb, Mon 4th and Tues 5th June 2018

When dropping and collecting children at the gate, for safety please make sure that they exit and enter the car on the pavement side.

Public Health
England

To: All parents and staff

I am writing to let you know that a number of children have recently been absent with suspected norovirus, a common infection which causes symptoms of diarrhoea and vomiting.

I have taken advice from Public Health England and they have offered the following advice:

- Norovirus is generally a mild infection and people usually recover fully within 2-3 days. No specific treatment is needed, but it is important to keep hydrated by drinking fluids as tolerated.

- Norovirus is highly infectious and spreads easily from person to person, especially in close knit communities such as nurseries and childminders, therefore, we are asking for your help to prevent further illness within the school by following the advice in the checklist below:

- Staff and children who develop symptoms of diarrhoea and/or vomiting should stay away from nursery/childminder and other childcare settings until they have been symptom free for at least 48 hours.

- Good hygiene is important to stop the spread of infection, especially hand washing, frequently and thoroughly with soap and water, particularly after using the toilet and before eating or handling food.

- Good hygiene in the home will also help prevent spread to other family members. If possible separate toilets and towels should be used. Toilets, including seats and handles, as well as door handles, wash basins and other frequently touched surfaces should be cleaned and disinfected frequently.

- If symptoms do not resolve after 48 hours or if you are concerned please contact your GP by phone or contact the NHS non-emergency number 111.

We would like to thank you for your help with this.
