

CHILDREN IN NEED 2017

This year we raised money for children in need 2017. The theme was 'Spotacular' so the whole school dressed up in spots. The School council led a fabulous assembly and introduced our school to Alana. Alana has severe eczema and was finding it very difficult to keep under control. One day, she was taken to hospital and given special skin cream which helped to clear her eczema up. If she stops using it her eczema flares back up. She now attends a special support group that is funded by money raised through Children in Need.

As well as coming to school in spotty outfits, the School Council also ran a House Teams Spots Hunt. There were 150 spots for each house team to collect. Sycamore collected 135, Chestnut 105, Oak 108 and willow collected 125. Over all there were 600 spots to collect. All the money that we raised was donated straight to Children in Need.

Thank you to everyone who helped us raise £121.60.

The School Council.
