

Music
As musicians, we will be expanding our musical appreciation to find similarities and differences in the works of the great composer Camille Saint-Saens.
Key Influencer: Camille Saint-Saens

PSHE
As part of our personal development, we will be looking at relationships and the beginnings of sex education through human lifestyles and variations of bodies.

Computing
As computer technicians, we will be using digital mapping to support our geographical knowledge of the local area.

Why do people settle in different areas?

History
As historians, we will be looking at Anglo-Saxon settlements. We will be discussing the impact of significant historical events, people and places from this era.
Key Influencer: Alfred the Great

French
As linguists, we will be exploring masculine and feminine nouns and practising forming polite responses in French.

Geography
As geographers, we will be investigating different settlements using OS mapping skills.
Key Influencer: Marie Tharp

PE
As athletes, we will be developing our skills and knowledge of a variety of different sporting games.

Art
As artists, we will be exploring and developing our drawing skills using an Anglo-Saxon mask and Picasso as inspiration.
Key Influencer: Pablo Picasso

DT
As designers, we will be planning and making Anglo-Saxon stews and evaluating our final product.

Religious Education
The children will be linking values and commitments with their own attitudes and behaviours.

Science
As scientists, we will be looking at light and sound. Our focus will be on clear explanations, accurate diagrams and planning fair tests.
Key Influencer: Evelyn Glennie
