

YEAR 4 SCIENCE VOCABULARY

method	measurement	equipment	variable
recording	conclusion	evidence	results
evaluate	predict	aim	

Electricity

electricity	circuit	electrical conductor
electrical insulator	components	evidence
switch	wire	brighter
dimmer	series circuit	parallel circuit

States of Matter

solid	liquid	gas
particles	evaporation	condensation
filtering	sieving	melt
freeze	reversible	irreversible
separation		

Sound

vibration	waves	vacuum
stirrup	cochlea	auditory
pitch	frequency	muffle
absorb	volume	

Animals including Humans

skeleton	skull	collar bone	digestion
spine	ribcage	pelvis	incisor
joint	canine	pre molar	molar
muscle	organs	movement	oesophagus
protection	support	stomach	small intestine
colon	kidney	rectum	liver
gall bladder	pancreas		

Habitats

producer	consumer	food chain
predator	habitat	ecosystem
rainforest	woodland	meadow
coastline	arctic	desert
coral reef	mountain	eardrum
