

Reception Class

Week beginning 1.6.20

Dear parents,

We hope that you and your families are keeping well and staying safe.

- This is next week's lesson schedule for English and Maths , using materials from the Oak Academy [https://www. thenational.academy/online-classroom/reception#subjects](https://www.thenationalacademy/online-classroom/reception#subjects)

Maths involves the properties of 2 and 3-d shape and pattern and English is all about space.

- Please continue to read green and red word cards. The ultimate aim is that children can read them at a glance. Similarly reinforce phonic cards and so they can be used in reading and writing activities. www.teachyourmonstertoread.com is a fun reading adventure game which is free for pc users and £2.99 for the app. It starts with single letter sounds which would be good reinforcement and progresses to the vowel sounds we have been learning.
- Keep reading see www.oxfordowl.co.uk and Collins have free ebooks from the Big Cat reading scheme if you fancy a a change.
- Take advantage of the lovely weather and go outside and be creative. The children love transient art and can use things found in the garden or around the house to make non-permanent art. They can link it to maths, making patterns and shapes or English and make planets or they can use their imaginations to create something different.

Access 330+ free KS1 ebooks from our primary reading programme

Go to [Collins Connect](#) and click on the Teacher portal and enter:
